

Loan Cohort Model

The Fund accepts applications through a Loan Cohort Model that allows applicants to work alongside our team throughout the application process and access the support they need.

Through the Loan Cohort Model, applicants have the opportunity to receive one-on-one support during the intake period to ask questions, review documents, and access key tools and resources. Monthly workshops will also be hosted for applicants (free of charge) and other social entrepreneurs during the intake period to create a collaborative learning environment. For more information, please visit www.fairfinancefund.org/apply.

Please note: Preliminary Applications must be submitted during one of the following intake periods. Once the Preliminary Application is submitted to determine your eligibility, you must submit the Full Application with the required materials and documentation by that cohort's deadline. Our team will work with you one-on-one to help guide you through the process.
